

**BLOOMINGTON-NORMAL AIRPORT AUTHORITY
GENERAL AVIATION COMMITTEE MEETING
REPORT**

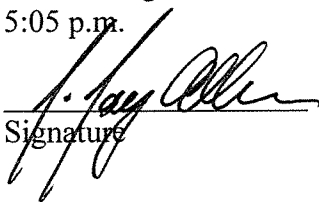

**Monday, November 20, 2017
3:30 p.m.**

Commissioner Allen called the meeting to order at 3:32 p.m. Commissioner Denault, Executive Carl Olson and Deputy Director of Operations and Facilities Javier Centeno were present.

The Committee approved the meeting report from the September 24, 2015 meeting.

Mr. Rich Anderson, from Synergy, brought to the Committee's attention that the landing fee program may be burdensome on general aviation; deterring some folks from coming back to CIRA. Staff did an analysis of landing fees at other airport and shared that with the Committee. A lengthy discussion ensued. It is hard to compare "apples to apples" as each airport has their own type of fees, either ramp fees, landing fees, or fuel flowage fees, etc. It was decided that the program would remain in place and Staff will collect data until the end of the fiscal year to truly get an understanding of the impact of CIRA's landing fee on general aviation. Once that is complete, the Committee will meet again to reevaluate the program.

There being no other business to come before the Committee, the meeting adjourned at 5:05 p.m.
