

The Bloomington Normal Airport Authority, operator of the Central Illinois Regional Airport, is seeking experienced applicants for the position of Deputy Director of Operations and Facilities. The Deputy Director of Operations and Facilities is a senior management position which reports directly to the Executive Director with responsibility for planning, directing, and managing all aspects of the airport's certification, operation, maintenance, and public safety functions. Develops, implements and monitors work plans and staff assignments. Assists in the preparation and administration of airport operating and capital budgets. Develops, implements, and enforces airside/landside operational policies and procedures and ensures that all airport grounds, facilities, and equipment are properly managed and maintained. This position is directly responsible for ensuring that the airport is operated in strict accordance with all applicable federal, state, and local rules and regulations.

Requires a bachelor's degree in Aviation Management, Business Administration, Engineering or related field, with a minimum of five years of airport management experience including experience in the management and supervision of airport staff. Accreditation as an Airport Executive or Certified member of the American Association of Airport Executives preferred. The successful candidate must also possess strong leadership, organizational, communication, and interpersonal skills. Must be intimately familiar with all operational facets of a commercial airport and be able to foster effective working relationships with employees at all levels, tenants, outside agencies and municipalities, and the general public.

Salary is commensurate with experience. The Authority offers medical, dental, vision and life insurance along with participation in the Illinois Municipal Retirement Fund. Please send a cover letter and resume to Lynnette Hindman at lynnette@cira.com by October 28, 2022. No phone calls please.
